THE JOINT STAFF
WASHINGTON, D.C. 20318-8000

JROCM 152-04
12 August 2004

**JOINT REQUIREMENTS
OVERSIGHT COUNCIL**

MEMORANDUM FOR: Acting Under Secretary of Defense for Acquisition,
Technology, and Logistics
Vice Chief of Naval Operations

Subject: Navy Enterprise Resource Planning Program (ERP) Operational
Requirements Document (ORD)

The Joint Requirements Oversight Council (JROC) has approved Navy

ERP ORD and validated the enclosed Key Performance Parameters (KPPs). The

JROC considers these KPPs mission essential to meeting the mission

requirements and for complying with the required KPPs from the Global

Combat Support System Capstone Requirements Document. ORD approval

authority for non-KPP changes is delegated to the Navy.

PETER PACE
General, United States Marine Corps
Vice Chairman
of the Joint Chiefs of Staff

    Pete,

    Thanks so much for your help and the update. This should fully support going to the ITAB on 23 August. Again, thank you!

    VR / Al

Al, I took leave last week - apologize for not getting back sooner... Now that all Service Vice Chiefs have chopped on the JROC Memorandum for the Navy ERP ORD, all that's left is for the VCJCS to sign and we're done. I chopped it today to send to the VCJCS and, we will have it on his desk NLT tomorrow (10 Aug). We typically get these back within a few days from the VCJCS if he is in town (and he is!).

Bottom Line: We are on track to have you a signed JROCM in ample time before the ITAB... Understand the need to get the TEMP approved and that the JROCM is needed for that as well.

We will follow through to ensure this does not fall through the cracks. All the best, Pete

Subject: Navy ERP JROC Approval

Pete,

I understand as of today all services have favorably endorsed the Navy ERP ORD, and, as you know, it has also already been approved by the JCB.

As I mentioned briefly at VADM Holder's retirement, OSD's IT Acquisition Board (ITAB) is scheduled for 23 August where the Milestone A/B decision will be made. We need JROC approval of the ORD a few days prior to that so we can get the final OSD approval of the TEMP.

Anything you can do to help speed this process would be greatly appreciated!

VR / Al
